Sixty-Third Year | Canyon, Texas | Wednesday, June 4, 1958 | Number 8

Memorial Day

Mirroring the flag flying from the flagpole donated by the VFW, small U. S. flags were put on the graves of servicemen in Dreamland Cemetery on Memorial Day.

Water Use Tops Million Gallons

Water use in Canyon has jumped over a million gallons a day twice during the past week.

Used during the 24-hour period ending at 8 a. m. May 27 was 1,099,400 gallons according to the meter at the city pump station.

The day's use for the period ending at 8 a. m. on June 3 was 1,281,800 gallons.

Redlegs Lead Little League Majors With Two Wins Through Monday

Yankee Pitcher Skipper Moore got himself into trouble in the first inning of the Little League Yankee-Brave game Monday night, but came out on top with a 5-1 Yankee win.

Moore walked three men at the start of the first inning but struck out two when the bases were loaded and had a no-hitter going into the fifth inning. His rival, John Stritzel, singled into right field to spoil the no-hitter.

The young pitcher struck out 13 out of the 18 batters who faced him. In the fifth, with two out, Norman Smyrl doubled to score Stritzel. Those were the only two hits made by the Braves. Stritzel allowed only one earned run.

Saturday night, Steve Burgess came on with two out in the first inning to win as the Redlegs beat the Yankees 8 to 3. In the opener, the Yankee minors won 15-0.

In Monday night's minor league game, the Yankees beat the Braves 16-4. Joe Koenig hit what is believed to be the first ball over the fence by a minor leaguer.

Games this week are Redlegs vs Braves Thursday; Dodgers vs Yankees Saturday; Braves vs Dodgers Monday; and Yankees vs Redlegs Tuesday.

The standings as of June 3, with Tuesday night's game not included, are:

MINOR LEAGUE

	W	L	Pct.
Yankees	3	0	1.000
Braves	2	1	.667
Dodgers	0	2	.000
Redlegs	0	2	.000

MAJOR LEAGUE

Redlegs	2	0	1.000
Dodgers	1	1	.500
Braves	1	2	.333
Yankees	1	2	.333

Wiegard Rites Held Friday in Amarillo

Funeral rites were held Friday for Gerhard Wiegard in St. Joseph's Church in Amarillo with Rev. Msgr. A. M. Bottoms officiating.

A farmer here since 1929, Mr. Wiegard died at 8:30 p. m., May 28, in St. Anthony's Hospital in Amarillo. His home was on the Canyon highway.

Born Aug. 2, 1903, in Olde, Germany, he was a member of St. Joseph's Church and the Holy Name Society of that parish.

Members of the family have requested that any memorials be in the form of contributions to the American Cancer Society.

Mr. Wiegard is survived by his wife, Mrs. Rose Wiegard; a daughter, Mrs. Catherine Fischbacher of Amarillo; two stepdaughters, Mrs. Rose Marie Metcalf of Vega and Mrs. Helen Schuette of Amarillo; four sisters and one brother in Germany and nine grandchildren.

Ceta Canyon Camp Program Approved

Northwest Texas Methodist Conference approved a $60,000 improvement program for Ceta Canyon Methodist Camp near here as the group met in annual conference at the First Methodist Church in Lubbock last week.

Pastoral appointments for the Canyon area included the Rev. Doyle Ragle, First Methodist Church; Allan Brockway, WT's Wesley Foundation director; and Edgar A. Irvine, secretary-manager of the Ceta Canyon Methodist Camp. All served in the posts last year.

Immediate goals for Ceta Canyon are $7,500 for a paved road into the camp from Farm-to-Market road 285 and $2,500 for a concrete slab for recreational purposes. Fifty thousand dollars for a swimming pool was set as a long range objective.

Mrs. Gene Peppard left Monday for Pawhuska, Okla., to visit her children, Mr. and Mrs. James Rowton and son, Jimmy.

Mr. and Mrs. R. H. Wray of National City, Calif., are visiting Mrs. Wray's mother, Mrs. B. C. Taylor Sr., and other relatives.

Sparkman Resigns As Water Head

Canyon will be without a water superintendent on June 16.

Glenn Sparkman, water superintendent here since August, 1954, has resigned effective that date. He will be employed by McMorries and Associates of Amarillo, a consulting engineer firm.

No replacement for Sparkman has been named by the city commission. His resignation was submitted last Wednesday.

Hail Cancels Flower Show

Hail canceled Canyon's first flower show, originally scheduled for Saturday at the First National Bank and sponsored by the Canyon Garden Club.

The hail, accompanied by high winds and 1.91 inches of rain, fell May 27 and destroyed most of Canyon's flowers.

Mrs. W. A. Warren, chairman of the rose show committee, indicated that the flower show might be rescheduled later in the summer.

Agent To Attend Colorado School

Mrs. Mona Hildreth, county home demonstration agent, will be attending a special course for extension service personnel at Ft. Collins, Colo., for the next three weeks.

Leaving Canyon June 14, Mrs. Hildreth will attend the special courses on family finances and foods and nutrition, which will be taught by federal officials and professors from various universities. She will return July 7.

Mr. and Mrs. Garland Cavitt and daughter are spending the summer in Canyon, so that Cavitt may attend summer school at WT, where he is working on his master's degree.

Bill Laya of Sheridan, Wyo., spent the weekend in the Francis Shell home.

JAYCEES START FLAG PROJECT

Canyon's Jaycees will begin contacting merchants this week in a project to insure that U. S. flags will be flown on the holidays that call for the flag.

The organization plans to offer a service of providing the flags, erecting them and taking them down on such holidays at Memorial Day, Flag Day, July Fourth and other national holidays.

Included in the service will be capped pipes in the sidewalks in front of each business house and the complete servicing of flags on holidays.

Wilbur Truitt, chairman of the committee for the project, said that near-100 per cent participation in the program would be needed before it could be put into effect.

Pointing out that only a half-dozen flags were flown on the streets of Canyon on Memorial Day, Truitt said that the Jaycees would make sure Canyon is decorated on holidays.

Sunday Services Held for Winney

Services in the memory of John Ladell Winney of Tacoma, Wash., who died Friday night in the home of his niece, Mrs. Robert Oldham, 1301 Fourth Avenue, were held at 2:30 p. m. Sunday at the Wellington Baptist Church.

Officiating were the Rev. Strauss Atkinson, pastor of the First Baptist Church of Canyon, and the Rev. Russell Pogue.

Mr. Winney died at 9:25 p. m. Friday in the home of Mrs. Oldham, whom he had been visiting for the past four weeks. Pallbearers were Earl G. Alexander, J. L. Alexander, Everette Fain, Walter Fain, Robert Oldham and G. R. Bawley. Burial was under the direction of Warren-LaGrone Funeral Home of Canyon.

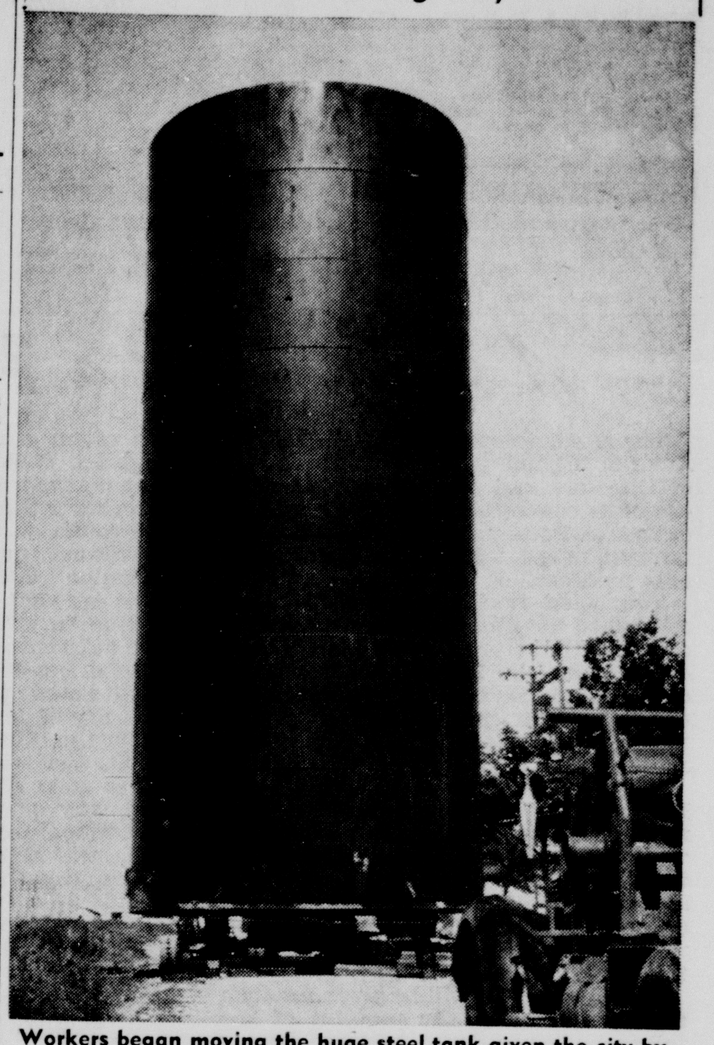
Survivors included a daughter, Mrs. Howard C. Stahle of Tacoma, Wash.; two sisters, Mrs. T. T. Fain of Canyon, and Mrs. L. T. Alexander of Wellington; two brothers, L. A. Winney of Denver, Colo.; and T. A. Winney of Texhoma, Okla., and two grandchildren.

Cancer Drive Falls $150 Short of Goal

Randall County fell $150 short of its goal of $1675 for the American Cancer Society, Bud Parker, president of the society's local unit, reported recently at a luncheon for workers at the WT cafeteria.

Although some money has been turned in since the luncheon, Parker expressed the view that it would not be enough to make up the deficit. Anyone who may desire to make a contribution to the drive may bring it to Parker at the Western Auto Store or James Cole at the First National Bank.

Tank Moving Day



Workers began moving the huge steel tank given the city by the Santa Fe. The tank was jacked up, placed on crawler treads and pulled by a truck. Inching along, it will be moved from the Santa Fe right of way to the Forrester waterfield and tied into the new city water system.

Pioneer Services Slated for Today

Funeral services for Mrs. Fredericke Brumme, 92, who came to the United States from Germany 73 years ago, have been set for today in the United Church of Christ Reformed in Oklahoma City.

Burial will be in the Odd Fellows Cemetery in Jones City, Okla.

Mrs. Brumme died Monday morning in Dumas Memorial Hospital. Born June 28, 1865, in Germany, she came to the U. S. at the age of 21. Shortly after her arrival in this country, she married August Brumme, also a German immigrant.

The couple moved from Wichita, Kan., to Oklahoma, where they homesteaded. Mr. Brumme died after 28 years on the farm. Mrs. Brumme continued to operate the farm alone for 12 years. She moved to Tulia in 1954.

During the past six months, she had lived with her son and daughter-in-law, Mr. and Mrs. Henry Brumme of Dumas.

Survivors, besides her son, include four grandchildren and eight great-grandchildren.

Register June 5 For Swim Classes

Registration for swimming classes at the city swimming pool will be at 8 p. m. Thursday.

Classes to be offered will be beginners, advanced beginners, intermediates, advanced swimmers, junior and senior life saving, mother's class and men's class. Classes will begin Monday.

Mrs. W. L. Lockhart left Tuesday by plane for Montgomery, Ala., after a visit with her mother, Mrs. T. V. Slack, and members of her family. Mr. and Mrs. Lockhart will be leaving shortly for Washington, D. C., where he will be in the operations department of the services.

Mr. and Mrs. Joe D. Slack of Archer City visited in the T. V. Slack home recently.

70 Should Take Summer Driving

Ninety Canyon High School students want to take driver training next year. The school will be able to offer the complete course to 10 a semester, a total of 20 for the year.

Some of those 90 are going to be left out unless they take advantage of the driver training course to be offered beginning June 16.

The course will take about nine weeks to complete. The requirements are 30 hours of classroom instruction, six hours of observation and six hours of actual driving. The course, taught by Ray C. Wells, will continue until all students enrolled have had a chance to qualify.

Cost for the summer time course is $20 per student, and between 25 and 30 students will be needed before it will be scheduled.

Any high school student who planned to take the course next year should take it this summer if possible. Details for registration can be obtained from the principal's office at Canyon High.

Wrong-Side Parking Will Soon Be Wrong

After this week, Canyon police will begin enforcing the Texas Uniform Code regulation against parking on the wrong side of the street.

Wrong side parking violates three regulations—driving on the wrong side of the street twice and parking in the wrong direction, according to Chief of Police Bill Pickering.

He also said that the department will begin ticketing cars parked too close to intersections. The minimum distance for parking at corners is 20 feet from the corner.

Mr. and Mrs. M. A. Keller spent last week in Ponca City, Okla., visiting relatives and fishing. Mr. Keller bagged a 27-pound fish.

Appoint P-PH Society Committees

Committees for the Panhandle-Plains Historical Society, to serve during the 1958-59 year, have been announced by the society's president, Frank Shaller of Canadian.

J. Evetts Haley of Canyon will be chairman of two committees, publications and building. Other chairmen are Floyd V. Studer of Amarillo, membership, C. P. Buckler of Pampa, finance, Harold Bugbee of Clarendon, art, C. Boone McClure of Canyon, accessions, Fred Hobart of Pampa, accessions, Hattie M. Anderson of Canyon, library, and Ernest A. Archambeau of Amarillo, historic sites.

Finance committee members are S. B. Whittenburg of Amarillo, Earl Cobb of Fort Smith, Ark., J. Harold Dunn of Amarillo, Newton Harrell of Claude, O. H. Finch of Dalhart, T. W. Gilstrap of Amarillo, and Henry Sears of Hereford.

Serving on publications are Archambeau, McClure, George Autry of Amarillo, Dr. Joe F. Taylor of Amarillo, and S. V. Connor of Lubbock. On the art committee are Autry, Mrs. H. S. Griffin of Wichita Falls, Hamlin Overstreet of Farwell, and Reveau Bassett of Dallas.

With McClure on accessions are Studer, Bugbee and Jack T. Hughes of Canyon. Budget committee members are McClure, Dr. James P. Cornette, president of West Texas State College, and Don Standley of Canyon. On the building committee are McClure, Sears, Buckler, Jack Taylor of Canyon, and Guy A. Carlander of Amarillo.

Assisting Dr. Anderson on the library committee are Haley, McClure, and Dr. Ima Barlow of Canyon. With Archambeau on historic sites are Studer, Harrell, Dr. L. F. Sheffy of Canyon and Ray S. Daniel of Amarillo.

County membership committee representatives are Lipscomb, Elmer E. Sparks of Higgins; Ochiltree, Spencer Whippo of Perryton; Hansford, Fred Holt of Gruver; Sherman, R. B. Pendleton of Stratford; Dallam, O. H. Finch of Dalhart; Hartley, Beal Queen of Channing; Hutchinson, Bob Lindsey of Borger; Roberts, Mrs. D. D. Payne of Miami; Hemphill, Mrs. Marion Karr of Canadian.

Wheeler, C. T. Palmer of Shamrock; Gray, C. P. Buckler of Pampa; Carson, Mrs. Rose Gordon of Panhandle; Potter, Jim Guleke, Lewis Fields, and Richard Wagner, all of Amarillo; Oldham, Raymond Thompson of Vega; Deaf Smith, Henry Sears of Hereford; Midland, Tom Linebery of Midland; Wichita, Mrs. H. S. Griffin of Wichita Falls; Randall, L. F. Sheffy and Boone McClure of Canyon; Armstrong, Newton Harrell of Claude.

Donley, Harold Bugbee of Clarendon; Hall, Frank Finch of Memphis; Collingsworth, Deskins Wells of Wellington; Childress, J. Martin Crews of Childress; Swisher, Dr. Paul Stewart of Tulia; Castro, Edwin Ramey of Dimmitt; Parmer, H. Y. Overstreet of Farwell; Bailey, Senn Slemmons of Muleshoe; Lamb, C. A. Duval of Littlefield; Hale, Herbert Hilburn of Plainview; Floyd, Richard Stovall of Floydada; Crosby, Edd McLaughlin of Ralls; Tom Green, Robert T. Neal of San Angelo; and Moore, Fuqua Younger of Dumas.

Mr. and Mrs. W. M. Osborne of Houston are visiting in the homes of their parents, Mr. and Mrs. Walter Graham of Happy and Mr. and Mrs. E. M. Osborne of Plainview. Mrs. Osborne is doing well after her recent illness.

Pauline Brigham left Monday on a 5-week fishing trip to Ohio, Oregon and California.

Boss Is Gone, the Staff's Way Behind

Mr. and Mrs. A. C. Haley Jr., their children, Mary Pat, Arthur, Dennis and Becky, and Mrs. L. L. Cummings of Amarillo and her daughter, Carol Ann, are visiting Haley's parents on a ranch in Western Arizona. Mrs. Cummings is Haley's sister.

Haley is co-publisher of The Canyon News.

Essay Winners

Winners in an essay contest sponsored by the Umbarger St. Mary's Church Knights of Columbus were given checks last week. Shown are Eddie Grabber, left, second place winner in the high school division; Virginia Friemel, first place winner in the grade school division; Carl Kluskens, grand knight; Bernice Przilas, second place grade school winner; Sylvia Raef, first place high school winner; and Ed Wieck, chairman of the Youth Activities committee which promoted the contest. Subjects of the essays were "Rural Youth—For God, Home and Country" in the high school division and "Why I Consider Farming a Christian Vocation" in the grade school division. Prizes were $5 for first place and $2.50 for second, and the were 15 entries from high school and 12 from grade school.

'Tender Trap' Opens Tenth Summer Season in Branding Iron Theater

To mark the opening of the tenth anniversary of Summer Theatre at West Texas State College, William A. Moore, director of the Palo Duro Players, has chosen "The Tender Trap," a Max Schulman-Robert Paul Smith comedy.

The recent-vintage play, which starred Frank Sinatra in the movie version, will open in the Branding Iron Theatre Wednesday and will run through Saturday. Curtain time is 8:15 p. m. each night, and admission is 75 cents for adults and 50 cents for children. Reservations may be made through the WT speech department, Phone OL 5-3781.

While the opener is still running, casting and rehearsals for a second production, "A Dash of Bitters," will be underway. The murder mystery will open June 14 for a four-day run.

"The Tender Trap" will star Ramiro Garcia of Laredo and Amarillo in the lead role of Charlie Reader. Starring as "Poppy" Matson will be Marty Hinson of Groom, and Bill Stokes of Amarillo will be Joe McCall. Others in the cast are Roberta Hickman of Canyon as Jessica Collins, Helen Perry of Amarillo as Julie Gillis, Tommy Culpepper of Canyon as Earl Lindquist, Verdi Knox of Canyon as Sylvia Crewes, and James Hinkley of Pampa as Sal Schwartz.

William A. and Margaret Echols Moore will be directors, with Robert L. Antrim as technical director. The play will be staged in intimate theatre style.

The story has to do with Charlie Reader, a young bachelor in New York who's living the ideal life.

College Buildings Give Permit Total $1 Million Boost in May

More than a million dollars worth of building permits for West Texas State College gave Canyon building a boost that may make this year's total higher than ever before.

Two permits for a total of $1,147,957 were issued to Floyd W. Richards for an addition to the science building and a new fine arts building. The addition will cost $230,181 and the new building will cost $917,776.

Eleven other permits issued during the month totaled $83,599 to make this month's building permits run to $1,231,556. The year's total now stands at $1,407,181.

Permits issued during May included:

Isabel Robinson, 2000 Fifth Avenue, addition to residence, $5400.

Herman Demus, 2511 Ninth Avenue, residence, $11,900, May 9.

Consumers Fuel Association, West First Avenue, granary, $45,000, May 12.

T. S. Stevenson Sr., 1410 Fourth Avenue, remodel office, $1500, May 13.

Randall County Farm Bureau, 1714 Fifth Avenue, remodel, $1460, May 13.

Methodist Student Center, 2614 Third Avenue, residence for director, $17,000, May 15.

J. T. Westfall, 903 Seventh Avenue, tool shed, $20, May 12.

Bill Griffin, 1710 First Avenue, car port, $40, May 19.

Carl W. Smith, 2008 Ninth Avenue, addition, $1200, May 22.

Ray Hawkins, 2111 Ninth Avenue, house for trailer park, $54, May 26.

Floyd W. Richards for WTSC, addition to science building, $230,181, May 26.

Floyd W. Richards for WTSC, fine arts building, $917,776, May 26.

Vernon Green, 1909 Second Avenue, move in shed room, $25, May 29.

A Giggle, But a Problem

The announcement last week that the Amarillo Chamber of Commerce Board of Directors had okayed a program of one of its committees to seek the consolidation of Potter and Randall Counties brought mixed feelings here, and probably in Amarillo, too.

You could find people who laughed and called the Amarillo people silly. You could find others who were angry, especially about the lack of neighborliness of Amarillo. Many paid no attention to the announcement, passing it off as another indication of Amarillo greediness.

Yet the announcement poses a problem. We should look behind the announcement in an effort to discover "why." We should look for any advantages that would come from such a consolidation, and we should also look for disadvantages. It's possible that the advantages would outweigh the disadvantages, but we doubt it.

One reason that will be given for such a consolidation is the problem of the folks who live in South Amarillo driving to Canyon to conduct business with the county or to appear in court. Yet that's not a problem at all. We daresay that it takes no more time or gasoline for a person who lives in the 3900 block on Bowie, say, to drive to Canyon and get into the courthouse than it does to drive to the middle of Amarillo, find a parking spot, and get into the courthouse.

And the Randall County citizen who lives in the 3900 block on Bowie has one advantage. He can take care of any tax office work about a block from his house. The Potter County citizen who lives in the 4500 block on Northeast 24th cannot do that—he has to go downtown.

It's nearly axiomatic that the larger the unit of government, the more it costs. Economy might be a quoted reason for a merger, but that won't work.

Whatever the reasons that will be given, they should be investigated thoroughly. If consolidation is a good thing for us, let's don't pass it up. But we doubt that would be good.

Below, we quote an editorial which appeared in Sunday's edition of the *Hereford Brand*.

Hereford citizens, although not directly concerned, will watch with considerable interest developments in a probable battle between its two neighboring counies of Potter and Randall.

Forerunner of the conflict appeared this past week when Amarillo released a news item centered around possible annexation of Randall County, due to the fact that almost half of the City of Amarillo lies within the adjoining county on the south.

Without question, the geographical situation does result in confusion. Whereas part of Amarillo is "wet," part is also "dry;" law enforcement, voting, two different sets of county officials, and long drives to record legal papers constitute other problems for people within the city of Amarillo.

On the other hand, there seems little doubt that the people of Canyon and other areas of Randall County will protest any possible consolidation. Like the miniature principalities of Europe, they will want to know if sheer size alone gives their neighbors the right to gobble up a free and independent town and county, which has been operating efficiently and meeting all state and federal requirements.

So far as we know, Canyon and Randall County have been good neighbors to Amarillo and Potter County. They have apparently tried to keep step in the parade of progress, voting E-Way funds and meeting other measures sought by the larger municipality. Randall County, it seems to us, has tried to meet their neighbor halfway, sometimes at considerable expense and, occasionally, against the best interests of their own territory.

Whether there is any real probability of a forced consolidation, we do not know. Dallas, Fort Worth, Houston and other Texas cities have been faced with even greater "growing pains" and, to our knowledge, have not annexed any counties. Doubtless, however, such ideas did occur to them; neither have we heard of any voluntary consolidations of Texas counties, although they may have occurred.

Meanwhile, it seems that the sovereign rights of our counties is about to be challenged in Texas. If Amarillo and Potter County are dead serious, it would appear that a long drawnout battle is in the making—and that the courts of Texas will be called upon to render some unusual decisions.

Guns and Boys

Springtime and boys and B-B guns seem to go together, and boys with B-B guns are sometimes a little wild.

We realize that some people don't believe in boys owning guns of any kind, and we are dead set against the combination. We can't see that, but we can see how dangerous B-B guns can be in town.

A city ordinance prohibits the use of B-B guns inside the city limits. The ordinance is for the protection of windows, cars and other children. A B-B shot against a leg stings a little and causes no permanent hurt.

But a shot in the eye (it can easily happen) causes a permanent injury that is near pitiful.

Boys who have B-B guns should be sure to get outside the city to shoot them. From any place in Canyon, it's not more than six or eight blocks to the countryside. Let's not have a tragedy through an innocent sport.

Just Wondering

It's a little early to tell yet, but if the construction crews are going to leave that huge dip in Fourth Avenue at the intersection of 16th Street, we wish they would make it deeper.

We don't especially look forward to having a perpetual lake downtown, but if we've got to have one, we'd like to see it deep enough to be stocked with fish. The way it's been of late, there isn't quite enough water for fish but there's too much for automobiles.

Breast Beating

This week *The Canyon News* was notified that it had won one of the top three awards in the Excellence in Typography Contest of the National Editorial Association. We won't know which of the three we won until the annual convention in July.

There were 2043 newspapers entered in the contest this year, according to our notification.

Last year we won third in that contest, and we hope we did better this year—but at any rate, being among the top three of more than 2000 newspapers makes us feel quite good.

What Our Neighbors Say . . .

Scissor Snippings

Paul Crume in the Dallas Morning News: Sign in the Terrell post office lobby: This Post Office will be closed all day on May 30, 1958, for Labor Day."

Those yankees can think up a Decoration Day if they want to, but they can't make it work down here.

☆ ☆ ☆

Dave McReynolds in the Friona Star: Each week as we travel between Friona and the "capitol" of Parmer County we have been observing the lush crops that are abounding in the fields.

One day lately we went against our better judgment and picked up a fella who was standing by the side of the road thumbing a ride.

He got in and we began shootin' the breeze with him and naturally asked where he was headed.

"California," he replied. "Got out of work in Chicago and heard things looked a lot better on the coast."

The man went on to describe the people out of work in the City of the Loop and the surrounding territory.

After a long discussion on politics and the "buzzards who are running jobs," the man ran out of talk and we asked him why he didn't look for work here and told him that most places would be happy to have an extra hand around the place in a couple of days to a few weeks.

"What kind of work," he wanted to know.

"Just plain farm labor," we went on to explain. We added a little about the vegetables and how much labor was required to harvest the crop.

My passenger looked at me out of the corner of his eye and said —"M'gosh man, that sounds like WORK!"

With that retort, we gave up—anyhow, we decided he didn't want a job half as bad as he thought anyway.

☆ ☆ ☆

Bascom Nelson in the Castro County News: Some people are extraordinarily hard to please. Take the case of the farm hand who carried his lunch to work every day. The first day he looked suspiciously at one of his sandwiches and grunted, "ugh, cream cheese." The second day was a repetition of the first and so was the third. On the fourth day, he shouted, "I can't stand this anymore," and threw the sandwich on the ground. "Why don't you get your wife to make some other kind," one of his co-workers said. "Who's married," came the reply. "I make my own sandwiches."

By VERN SANFORD
Texas Press Association

A fresh task force is being organized by Gov. Price Daniel to attack the state's monetary problems.

With oil production still hovering at a historic low and a prime source of state revenue partially throttled, Texas government is, for the time being, at least, "living beyond its means."

Governor Daniel named a six-man committee of executive department officials to study ways of bridging the gap between income and outgo. Members are Sec'y of State Zollie Steakley, Treasurer Jesse James, Comptroller Robert S. Calvert, Auditor C. H. Cavness, Budget Officer Jess Irwin and Col. J. T. Ellis Jr. of the governor's administrative staff.

They are expected to work cooperatively with the State Tax Study Commission, a group of legislators and outside experts who have been surveying the state's fiscal position for some months.

Under the present spending pattern, it is estimated the next legislature would have to scratch up upwards of $100,000,000 in new revenue to balance the books.

As in a family that comes up short at the end of the month, the state's advisors, both official and unofficial, are divided between those advocating more money and those favoring less spending.

Governor Daniel urged his executives to try both angles. Specifically, he suggested exploring:

1. Every possible economy in use of state funds.
2. Possible elimination or combination of duplicating services among state agencies.
3. Compilation of a list of nonrecurring expenses in the present appropriation.
4. Every possible source of additional state revenues which may be available without the levy of additional taxes.

Open Season

Most major candidates have held their opening rallies and will be campaigning with little let-up between now and the July 26 primary.

But in many areas of the state an even more intensive struggle is going on at the grass roots for control of the precinct conventions. They'll be held right after the primary, on the evening of July 26.

It's a small-time battle with big-time stakes. Whichever group of the Democratic party gets out the "mostest" to the precinct conventions will control the state convention in the fall. This means taking over the official machinery of the party for the next two years — leading up to 1960 and presidential nominating time.

Governor Daniel has said he will personally lead "conservatives, moderates and all other Texas Democrats who believe in majority decisions." He's been assured of vigorous opposition from the liberal Democrats of Texas led by Mrs. Frankie Randolph of Houston, Texas' national committeewoman.

For the average citizens the precinct convention poses a more ticklish problem than primary voting. It may mean voting, publicly, against a neighbor who's running for precinct chairman.

'Wars' Watched

Atty. Gen. Will Wilson says his office is keeping close check on the gasoline and milk price wars that have broken out in major cities.

In some areas gasoline prices dropped as much as 10 cents per gallon below normal, and milk has been sold at a fraction of the usual charge.

"Texas anti-trust laws do not prevent price wars which are the free working of competition," Wilson commented, "but they do prohibit agreement or conspiracy to fix or cut prices and selling below cost to eliminate competition."

More Building

Effect of the drouth's end is being seen in more building in smaller towns dependent on agriculture for prosperity.

UT's Bureau of Business Researc

UT's Bureau of Business Research reports a 10 per cent rise in the January-April building volume for towns with less than 10,000 population.

BBR's report reflected a fairly general brightening of the building picture. Construction authorizations for April were up 3 per cent from March and 22 per cent from a year ago.

Home builders were found to be cautiously optimistic. Most, BBR reported, hadn't actually experienced much of an increase in home sales. But they were busier than they'd been in months building up a supply for an expected pick-up in buying by fall and next year.

Easier credit and, in some cases, lower costs of materials are expected to make house-buying more alluring.

More Salvage

Sale of some municipal bonds owned by the bankrupt US Trust and Guaranty Co. has brought another $144,000 for the company's creditors.

An earlier distribution of $2,181,000 represented about 31 per cent of the amount owed some 9,000 persons.

Meanwhile, Insurance Department employes are working against the deadline to complete an operation designed to prevent such fiascos i nthe future. They check the annual statement of each company doing business in Texas. If any questionable transactions are uncovered, the company is required to straighten them out before being re-licensed.

During the past year, a period of tightened regulation, there has been no large-scale crack-up in the industry. Many younger companies have merged to strengthen their positions by combining assets.

Gun Selling Law

Whether Texas law regulating sale of pistols is constitutional is being considered by the Court of Criminal Appeals.

Case in point involves a Houstonite who was sentenced for sale of a pistol to a minor. Attorney for the defendant contends the law is too vague and confusing to be valid.

Texas penal code has two separate and sometimes conflicting sections on sale of firearms, forbidding their sale to minors, persons "under heat of passion" and persons convicted of felonies.

Short Snorts

Texas Employment Commission has announced the first substantial drop in unemployment claims this year. After weeks of tabulating steady increases in joblessness, TEC reports claims had slid from 90,913 to 86,528. Total benefits paid dropped $143,070 for the week.

Accompanying this good news, TEC announced 1,127 new jobs created in the state by the opening of new businesses. Largest was a garment factory in Temple employing 200.

CANYON — HAPPY

Hale Center, Tex., Man Reports—

"A $5.60 Investment Netted Me $54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me $54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

By VERN SANFORD

If you are a salt water fisherman, or plan to take your vacation on the Texas coast this year, you'll want to check this calendar of coming events.

First on the schedule is the Anahuac catfish fry. This will be held Saturday, June 21. Notices have just been sent out by Judge Guy C. Jackson Jr., who is founder of the Fraternity of the White Heron. For many years this big fish fry, which thousands attend, has been held on the Saturday closest to the Judge's birthday.

This is one of the best organized mass parties in Texas. It has been held annually for some 14 years and becomes more popular as the years go by. Thousands of pounds of Trinity Bay catfish are fried in tremendous steel vats, heated with bottled gas. Many thousands of pounds of large, white onions, hush-puppies and potato salad also are prepared. A half-dozen lines move the hungry crowd, buffet style, by the huge tubs of sizzling catfish. You get all you can eat.

This year's party will be an exceptionally big one. It's a campaign year and most of the state candidates and many district candidates will be there. A huge platform is provided for those who want to speak. And someone is talking all the time. You don't have to listen unless you want to.

One of the more impressive sights is the appearance of the fleet. Hundreds of boats from Houston take to the water, loaded with prominent Houston citizens. If you plan to be in Southeast Texas on June 21, be sure to attend.

Fishing Tournaments Scheduled

Many fishing tournaments are upcoming along the coast. We have been advised of the following:

TEXAS CITY TACKLE TIME: June 28-July 6. Sponsored by the Texas City Junior Chamber of Commerce.

FREEPORT FISHING FIESTA: July 1-6. Jaycee sponsored.

PORT LAVACA FISHING TOURNAMENT: July 4-6, inclusive. Jaycee sponsored.

RED FISH BAY TOURNAMENT: Port Mansfield, July 4. C of C sponsored.

BAY CITY TOURNAMENT: July 31-Aug. 3. C of C sponsored.

INTERNATIONAL TOURNAMENT: Port Isabel, Aug. 7-10, inclusive. Sponsored by the Valley Tournament Committee.

Each of these tourneys is a major event. Thousands of dollars in prizes are offered in various categories. Mainly the fishermen are after big fish, such as sail, tarpon, marlin, etc. However there are many events in which weight and number count as well as size.

Prizes consist mainly of tackle items, but in many cases the awards are boats, motors and cash.

Many of these tournaments will be attended by the same people, owners of large boats, or persons who have saved their vacation cash for just such an occasion.

Although there will be a heavy demand for rooms, the various cities have sufficient accommodations to take care of most of their guests. In any event, if you plan to attend it would be wise to write the sponsor for full information about activities and accommodations.

If you are looking for a vacation filled with excitement one of these fishing tourneys has it.

Worm Farming

In an Australian publication the other day we saw a long story about breeding your own bait. It reminded us how we used to raise worms — big, fat, garden worms — many years ago. It will still work today. And for bream, crappie or catfish, there's nothing like a big juicy worm. One of them is better than a handful of little red wigglers.

In our own little worm-farming process we partitioned off a bed about six feet square in a back corner of the garden. Into the black dirt we worked a generous supply of barnyard fertilizer and sawdust. We wet this down thoroughly and put in a few big brood worms dug out of the flower bed. Then we wet it down some more.

We then tossed out potato peelings, slices of bread and corn meal. Back in those days weevils were bad about getting into corn meal. We talked the corner grocer out of the returned packages and fed the worms with them.

Other good feed for worms consists of old tea bags, poultry mash, oatmeal, etc. Do not put any citrus peels, like grapefruit or oranges in the bed. They will kill the worms.

The earthworm is bisexual. All worms can lay eggs, but they must be fertilized by other worms. They reproduce very rapidly and a small bed will provide all you need.

This little bed supplied us with many cans of big fishing worms all summer long.

Artificial Worms

Catching fish with artificial lures is of course even more fascinating than with live bait. To satisfy this type of fisherman David A. DeLong of DeLong Lures in Cleveland, Ohio, has produced not only some excellent imitations of the little wigglers, but also has incorporated taste.

Speaking of his very life-like eels and worms, DeLong says "fish them deep and slowly. Let them go as near the bottom as possible and in retrieving do not hurry them."

The special odor which DeLong fuses into the plastic does not attract any more fish, but says the inventor "when a fish hits it he seems to like the taste and smell and holds it without spitting the hook."

New Sports Center

A fellow over in Big-D has set about to prove it is possible to get all your coons up the same tree. This time it is in a sports center, where there'll be everything.

Angus Wynn and associates are spending $3,000,000 on this sports center as a part of the development near Arlington, where a few hundred million more will be checked out of the bank.

This sports center will be located on 275 acres. It will have everything from a little perch hook to the heaviest tackle made, and from a 6 foot pram to ocean-going cruisers.

It will have a lake for casting practice, protected rifle range, skeet range and a place to ski.

The sports center will be a clearing house also for information about hunting and fishing all over the world.

This gigantic air conditioned store will be 242x410 feet, the largest sporting goods store under one roof in the world. All of it is supposed to be ready within a year.

Finally it looks like businessmen are recognizing that the outdoor traffic is big business.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 8.282 miles of Gra., Strs. Flex. Base & Hot Mix Asph. Conc. Pavt. from 2.0 Mi N of Canyon to 10.0 Mi N of Canyon on Highway US 60-87, covered by F 60(14), in Randall County, will be received at the Highway Department, Austin, until 9:00 A.M., June 10, 1958, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Byron Reese, Resident Engineer, Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved. 7t2

Senior Class Gives Loan Fund During WT Senior Day Activities

A "progressive loan fund," which will operate under the Ex-Student Association, was presented as the gift of the Class of 1958 to West Texas State College Thursday.

The presentation was made during the annual Senior Class Day assembly by Jody Coker of Amarillo, senior president. Accepting was Dr. James P. Cornette, president of WT.

Coker said the fund would grow each year through donations from the class, and that it would be used to assist worthy students in attending West Texas State.

Raymond E. Haddock of Canyon and Mary Ann Reid of Amarillo were named the "outstanding senior man and woman," and were presented plaques by Epsilon Beta and Pi Omega, social clubs for men and women.

Another social club-sponsored award, "Mr. and Miss Student Union of 1958," went to James Hartman of Wellington and Phyllis Vernon of Perryton. The plaque is given by Gamma Phi, women's social club, for leadership in campus activities.

An award, sponsored by the Ex-Student Association and honoring Dr. Hattie M. Anderson, recently retired history professor, was made to the history student on the freshman-sophomore level, with the best record in history and the highest overall academic average. Winner was Lorene Mundy of Spearman.

Three awards in the field of business and business education were made. A Wall Street Journal medal, for the "outstanding graduate majoring in finance," went to Harry E. Bryan of Amarillo.

Mrs. Karolyn Williams of Denver City was winner of a United Business Education Association and Sneed Manufacturing Corporation award for "the outstanding graduate in business education," and Mrs. Norma Russell Whitten of Amarillo was winner of a Phi Gamma Nu scholarship key, given to the "outstanding graduate in business." Phi Gamma Nu is a national sorority for women in business.

A $150 scholarship award for the best essay by a journalism student was given to Orville Howard, Darrouzett senior. The prize is awarded by the Cabot Carbon Company of Pampa annually. Essay topic was "The Crisis in American Oil."

Master of ceremonies for the program was Bob Wilkinson, Canyon junior. Dewayne Neel of Friona, junior president, made a response to a challenge given by Coker. Juanelva Rose of Tulia presented an organ solo.

Rabbits can run faster up hill than down because the hind legs are longer than the forelegs.

Latest Radiator Service Installed

Announced this week was the opening of what is believed to be the most modernly equipped radiator repair shop in this area. The new equipment, which offers "Factory Method" radiator servicing for all cars and light trucks and tractors, was installed last week at the Canyon Body Shop.

Perhaps the most interesting section of the unit is the Flo-Tester which quickly indicates if the radiator is plugged. This machine measures exactly the gallons-per-minute flow of water through the radiator, which is then compared with manufacturer's specifications for possible plugging.

This Flo-Tester is particularly necessary because 83% of all radiators in use one year or more are dangerously plugged. This machine tells quickly which of the radiators tested require servicing, and helps process many radiators a day.

Visitors are cordially invited to inspect the new shop and facilities.

If a man is a "sound sleeper," does that mean that he snores?

Dairy Foods on Plentiful List

COLLEGE STATION—Milk and dairy products are featured items for the U. S. Department of Agriculture's June Plentiful Foods List.

The Department has designated this feature to support the dairy industry campaign, "June is Dairy Month," the time when milk supplies are at their height for the year.

Milk production in 1958 is expected to run around a billion pounds over the record production of last year. This would make 1958 the sixth successive year in which milk production has set a new record.

Only other foods considered plentiful enough to rate a spot on the June list are spring vegetables and vegetable fats and oils.

As a result of replanting in the three major vegetable producing areas—Florida, Texas and California—it is likely that there will be more than the usual overlapping of harvesting in June.

The plentiful supply of vegetable fats and oils in June is largely the result of last year's bumper crop of soybeans. The highest acreage on record was accompanied by record yields, resulting in a crop of 480 million bushels. The 1958 crop is expected to be 10 percent larger than last year's record high.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Ludwin Bourn, deceased, and the unknown heirs, devisees, legatees and legal representatives of Ludwin Bourn, deceased.

GREETING:

You are commanded to appear and answer the Plaintiff's Original Petition at or before 10:00 o'clock A.M. of the first Monday after the expiration of 42' days from the date of issuance of this Citation, the same being Monday the 14th day of July, A.D. 1958, at or before 10:00 o'clock A.M., before the Honorable 47th Judicial District Court of Randall County, at the Court House in Canyon, Texas.

Said Plaintiff's Original Petition was filed on the 26th day of May, 1958. The file number of said suit being No. 3543. The names of the parties in said suit are:

Molly E. Stevenson and husband T. S. Stevenson, Sr.; O. H. Dixon and C. G. Pond, Plaintiffs

and

Ludwin Bourn, deceased and the unknown heirs, devisees, legatees and legal representatives of Ludwin Bourn, deceased; Mattie Bourn, a widow, Jennie Burrus and Marguerite Strain, Individually and as co-executrices of the Estate of J. W. Bourn, deceased; R. A. Burrus the husband of Jennie Burrus; J. A. Strain, the husband of Marguerite Strain; Sarah McNeil and husband John A. McNeil; Mary LaFollette and husband, Metz LaFollette; Sue Lambert and husband Baxter C. Lambert; and Burdell Oil Company, a corporation; and Joseph E. Seagram & Sons, Inc., an Indiana Corporation, doing business as Frankfort Oil Company.

The nature of said suit being substantially as follows, to-wit: A suit to remove cloud from title involving the following described land situated in Randall County, Texas, to-wit:

The South 300 acres of Section Twenty-nine (29) Block B-5, H.&G.N. Ry. Co. Survey

and resulting from deeds from J. W. Bourn and wife Mattie K. Bourn and Ludwin Bourn, a single man, Grantors, to E. W. Bourn, Grantee and from Ludwin Bourn, a single man, Grantor to Mattie K. Bourn, grantee, both deeds dated September 5, 1944, and conveying an undivided interest in said 300 acres above described and conveying all of the interest of Ludwin Bourn in and to said 300 acres.

If this Citation is not served within 90 days after date of its issuance, it shall be returned unserved.

WITNESS, Mavis Hill, Clerk of the District Court of Randall County, Texas.

MAVIS HILL by L. Johnigan
Clerk, 47th Judicial District Court of Randall County, Texas.

ISSUED this the 26th day of May, 1958. Given under my hand and seal of said Court at office in Canyon, Texas, this the 26th day of May, A.D., 1958.

MAVIS HILL
Clerk, 47th Judicial District Court of Randall County, Texas.
By L. Johnigan, Deputy
(SEAL) 7t4

Sealed Bids addressed to the Commissioners Court of Randall County, Texas, will be received until 10:00 a. m. on the 9th day of June, 1958, in the Office of the County Judge in the Court House at Canyon, Texas, on the following:

One automobile for the Sheriff's Department of Randall County, Texas.

For further information, bidders should contact L. S. Johnston, Sheriff, Randall County, Texas, Canyon, Texas.

One five foot cut Rotary Mower for Ford Tractor, with a trade-in of a side mounted cycle mower.

For further information, bidders should contact Clarence Beckman, Commissioner Precinct No. 2, Route 1, Canyon, Texas.

The County reserves the right to reject any or all bids, and to purchase from the bidder or bidders who, in the opinion of the Commissioners' Court offer the proposal to the best interest of the County, and to waive formalities. 7t2

"Do it yourself" Egg Candler Plus Simple Scale Answers Grading Requirements of Texas Egg Law

Photo by Agricultural Development Dept., Southwestern Public Service Co.

A one gallon syrup can, a 40 watt clear light bulb and the ingenuity of Mr. and Mrs. R. T. Woods of Claude, Texas produced a satisfactory egg candler. An inexpensive egg scale solves the weighing problem. With this simple equipment, they are able to process between 500 and 600 accurately graded eggs per day, thus assuring them top market value.

Teacher Announces Summer Plans For Student Homemaking Problems

Mrs. Clara B. Long, homemaking teacher at Canyon High School, has announced plans for summer workshops in garment making and draperies and upholstery and summer experiences.

Planning session for the garment making workshop will be held at 9:45 a. m. June 9 in the high school homemaking department. The class will be divided so there will not be more than 10 in a group. To be held Monday, Wednesday and Friday at 9-11 a. m. and 1-3 p. m., the classes may be attended in either or both sessions until the student completes the garment.

For those who have had no experience in clothing construction, the purpose of the workshop will be to learn the use of a sewing machine, to take measurements for a pattern, and to make minor pattern adjustments. The workshop will give those who have had experience an opportunity to further their experiences.

The advanced group may select a problem according to their ability, while the inexperienced group will make a simple garment.

Each Friday during June and July, the homemaking department will be open from 9 a. m. to 4 p. m. to allow the use of appliances or equipment. Mrs. Long will be on duty to give assistance or instruction.

A planning session for a draperies and upholstery workshop will be held at 10 a. m. June 10 in the homemaking department. Students will make drapes, do a simple upholstering job or make curtains in the classes, which will be held on Tuesdays and Wednesdays.

Forty students are doing summer problems to further their experience in the homes. The homemaking teacher will visit those students in the latter parts of June, July and August.

The students who complete the plans they have made and turn in the reports, which will be due August 15, will receive one-half unit of credit.

It's an I for an I when two egotists get together.

Polo was developed in India.

I GIVE YOU TEXAS
By BOYCE HOUSE

Tom Johnson bought a book on a train—and thereby changed the whole course of his life.

A "news butch" came through with an armload of books and offered the traveler a copy of one to examine. Johnson began to read; became interested and when the vendor came back through, he paid for the volume. The book was written by Henry George, the Single Tax philosopher.

Johnson was a millionaire business man whose chief interest up until the moment he opened the book was to make money. But, as he read, he caught an entirely new version of the meaning of life. And, from that time until his death, he devoted his chief efforts to serving others. As the mayor of Cleveland, he achieved national renown.

A man said, "I was in Houston recently and had a room which was only $4. The time before that, I stayed at the same hotel and paid $6 for a room. And I liked the $4 room better. You want to know why? I liked the $4 room better because it cost $4."

A good many years ago, a noted circus clown died. He requested that, at the service, "Moonlight and Roses" be played.

All the years that audiences had laughed at his grotesque clothes, his painted face and his antics, he had secretly yearned for music, beauty and romance.

On a train, I heard a lady ask the conductor, "What time do you have?"

He looked at his watch and told her. She inquired, "Is that about right?" He said, "Madam, it had better be exactly right; this train is running on it."

ONE LONG SUIT

She — You are positively the worst dancer I ever saw.

He — Well, it's something to know that I excel in that respect at least.

TELEPHONE TALK

by W. L. Leavy, Manager

NEW SHOES

Future telephones will no longer wear brown suede leather "shoes." All new telephone sets will be equipped with molded neoprene pads. Plastic feet have proved best from the standpoint of wear, abrasion, friction, staining and drop tests.

ROCK an' ROLL

Rock and roll has finally paid tribute to the telephone. A new song — "Call Me" — is featured in a movie called "The Big Beat."

SCHOOL'S OUT

A record number was graduated from Canyon Junior High this year. That also means a record number of graduatioon gifts. What would be a nicer present for the boy or girl starting high school than a telephone of his own. It would certainly give that important feeling of confidence and independence, and it's a good solution to the family telephone problem. You know, some teenagers are even willing to help pay for it out of their allowance.

WHERE ARE YOU GOING ON VACATION?

It's high time to be thinking about or planning a vacation. And when a family plans the vacation together, the planning can be almost as much fun as the "going."

To help plan their vacations better, more and more families nowadays put some dependence on the telephone.

A telephone call to a favorite vacation spot confirms reservations. Another call to an overnight stopping point guarantees accommodations for the family, permitting an extra hour or so of driving.

In the midst of the vacation, these same folks often answer the question of "wonder how everything is at home?" with a telephone call — the personal way to keep in touch.

So, this year, why don't you count on the telephone when planning and enjoying your vacation?

Remember, too, that **station-to-station** calls cost one-third less than **person-to-person** calls. And when you call by number, your calls go through twice as fast.

COLOR IS HERE TO STAY

I'm betting that I don't run into much of an argument when I say that people like color. And just look at the bright array of color telephones we have to offer you:

You can choose from Cherry Red, Pastel Yellow, Ivory, Rose Pink, White, Moss Green, Light Beige, Aqua Blue, and Light Gray . . . colors to fit any color scheme!

A color extension telephone is practical as well as good looking, too. Here in Canyon, an extension costs just $.75 a month plus a one-time installation charge of $2.50. If you order yours in color, there's an extra one-time only charge of $10.

Call by number. It's twice as fast.

Closed-door broiling is advisable only when cooking with GAS—because only live flame can CONSUME escaping cooking vapors which cause oder.

In Performance...In Economy
A Built-in Gas Range Offers You So Much More for So Much Less

No matter how great the skill at concocting recipes, finished results won't be better than the cooking appliance used. That's why you owe it to your family to find out all the facts on how a built-in GAS range with completely automatic controls takes over the mechanics of cooking, leaving you free to enjoy the imaginative part of your cooking job! You'll find Gas the FAST fuel...the CLEAN fuel...the FLEXIBLE fuel... the DEPENDABLE fuel! And we think you'll be delighted to discover that your Gas range costs less to buy, install, and operate. We have all the facts for you...or you can get them from your gas appliance dealer.

fuel for a growing empire **Pioneer Natural Gas Company**

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

Star Spangled Legislation

Recently I have received a considerable number of letters, particularly from school children, having to do with our National Anthem, "The Star Spangled Banner." Confusion seems to exist in some quarters, and a few of the letters urged me to adopt the new "changed version" of the National Anthem, while others expressed their opinion that they wanted it to remain just as they have always known it.

Actually, four bills have been introduced in the House of Representatives having to do with the adoption of an "official version" of the Star Spangled Banner, none of which would change the words of the song and only one of which would slightly alter the music.

All of these bills were introduced on the premise that there was no official version of the Anthem and, consequently, it was often played and sung with considerable variation. A search of the records reveals that Public Law 823 of the 71st Congress on March 3, 1931, designated the Star Spangled Banner as the National Anthem of the United States, but the law failed to specify the particular version of either the words or music which is to be official.

Legislation was introduced in the 84th Congress and reintroduced in the current 85th Congress to establish a standard of both words and music for the National Anthem. I understand these bills were the first legislation in the national Congress to contain music, and each of them includes a full score of the song.

The composer of the music is unknown, and it allegedly came from an old English folk tune. Francis Scott Key wrote the words during the battle of Fort McHenry on September 14, 1814, the original of which is preserved to this day by the Maryland Historical Society.

However, nearly all printed sources of the poem are derived from a newspaper account which was set in type by a 14-year-old apprentice the day after the words were written. This newspaper account contained some major and minor changes from the original and has been the source for some of the confusion which has existed.

One of the bills would alter the music of the song in six measures by lowering it to a more singable register. The author of this bill states that most people find the song difficult to sing because of the high notes about "the rockets' red glare" and "land of the free." I must confess that any alteration of the music would not particularly affect my performance of it, since I usually have as much difficulty singing "Oh say can you see" as with "the rockets' red glare."

A Judiciary Subcommittee commenced hearings on the bills this week. These hearings were somewhat different from the usual congressional committee hearings, to say the least, in that there were musical performers present and tape recordings of the song were heard in versions all the way from piano and voice to the full Army Band.

One of the questioners wanted to know how a layman could tell an official anthem from a clandestine version, and "if he did know the difference and heard someone hit a sour note, should he remain standing or sit down?"

It is unknown at this time if any of the bills will be reported from committee or, if so, their fate thereafter in the House and Senate. It does seem to me that the numerous pressing issues which confront the Congress today should not be sidetracked in favor of less important matters. In my opinion, however, if any of this legislation is adopted, it will not signal a change in the manner you and I have always heard, sung and performed our National Anthem.

Harvest Insurance

The time to make certain that fire will not take your crop from you is now. For a small premium you can protect yourself against loss from fire and lightning.

Call us, see us, write us, about "Harvest Insurance" to insure your grain in the field, while being harvested, while being hauled, and while stored anywhere on your premises. You'll be delighted at the reasonable price of our protection.

Canyonite Named To Attend School

Dalton M. Teague of Canyon, a mathematics teacher at Borger High School, is one of 54 high school math and science teachers selected as stipend holders to attend the Summer Science Institute June 2-July 11 at Howard Payne College at Borwnwood.

The institute is being financed with a $47,575 grant from the National Science Foundation. Eligible teachers who are recommended by their superintendent of schools may submit applications. Upon acceptance, they are paid a tuition, travel allowances and a weekly sum during the six weeks period of the institute.

A second Borger math teacher, D. B. Morgan, will also attend the institute.

Hinders Is CSU Degree Candidate

Raymond Hinders, son of Mrs. Louis B. Hinders of Happy, is a candidate for a master of science degree from Colorado State University. The Fort Collins institution's 74th annual June commencement is set for 10 a. m. Friday at the CSU stadium.

Candidates for graduate degrees will be presented by Dr. Walker Horlacher, dean of the Graduate School, and diplomas will be conferred individually by President William E. Morgan of CSU.

The commencement address will be given by James R. Miller who retired from the CSU faculty last year after long service as secretary to the State Board of Agriculture. Miller himself will receive a degree, an honorary Doctor of Letters, to be conferred during the service by President Morgan.

Molokai, the leper colony in the Hawaiian Islands, is supported by the U. S.

• LEGAL NOTICE

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST ESTATE OF FREDERICK P. F. DORBRITZ, DECEASED

Notice is hereby given that original letters testamentary upon the Estate of Frederick P. F. Dorbritz were issued to the undersigned, on the 2nd day of June, A. D. 1958, in the proceeding indicated below the signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said Estate, which is being administered in the County below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitations, before such Estate is closed and within the time prescribed by law. The residence and post office address of the holder of said letters is as follows: Trust Department, First National Bank of Amarillo, Texas, 8th & Tyler Streets, P. O. Box 1331, Amarillo, Potter County, Texas.

FIRST NATIONAL BANK OF AMARILLO, TEXAS, INDEPENDENT EXECUTOR OF THE ESTATE OF Frederick P. F. Dorbritz, Deceased, No. 1060, in the County Court of Randall County, Texas.

By: Kenneth N. Sloan, Trust Officer First National Bank of Amarillo, Texas. 8t4

CONTRACTOR'S NOTICE OF RANDALL COUNTY HIGHWAY CONSTRUCTION

June 2, 1958

Sealed Bids addressed to E. T. Cummings, County Auditor of Randall County, Canyon, Texas, will be received at the office of the County Auditor and/or The Commissioner's Court until 1:30 P.M. June 16, 1958, for furnishing all plant, labor, materials and equipment and performing all work required for the construction of Grading, Flexible Base and Single Asphalt Surface Course on Green Haven Drive from Farmer's Avenue to the Amarillo-Canyon Expressway in Randall County, Texas.

The right is reserved, as the interest of the County may require, to reject any and all bids, and to waive any informality in bids received.

Plans, specifications and bidding documents may be secured from the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Bldg., Amarillo, Texas.

The minimum wages to be paid on the work included in the proposal shall not be less than the minimum wages required by the Texas Highway Department for similar work.

Bidders shall inspect the site of the work and fully inform themselves as to all conditions and matters which can in any way affect the work or the costs thereof.

THE COMMISSIONERS COURT
RANDALL COUNTY, TEXAS
BY: ROY JOE STEVENS
8t2 COUNTY JUDGE

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: WARREN E. HAYNES, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Judicial District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of July, A. D., 1958, to Plaintiff's Petition filed in said court, on the 2nd day of June A. D. 1958, in this cause, numbered 3546 on the docket of said court and styled Ruth Haynes, Plaintiff, vs. Warren E. Haynes, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce on the ground of cruel treatment as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 3rd day of June A. D. 1958.

Attest: MAVIS HILL, Clerk,
47th Judicial District Court
Randall County, Texas
By L. Johnigan, Deputy

DOUBLE STAMPS TUESDAY

Miss Womack Is Shower Honoree

Nancy Womack, bride-elect of Lannie Madden of Amarillo, was the honoree at a May 24 bridal tea and shower in the reception rooms of the First Methodist **Church of Happy.**

Nancy Cobb received the guests and presented them to the honoree, Miss Womack; Mrs. E. A. Womack, the honoree's mother; and Mrs. E. Womack, the honoree's grandmother. Janet Middleton registered the guests.

The refreshment table was laid with a white linen and satin cloth centered with an orchid and white centerpiece designed as double appointments. Anne McManigal presided over the punch bowl and Nan Earyle Shipman served the individual cakes.

Hostesses were Mrs. H. A. Hardaway, Mrs. Hollis Shipman and Nan Earyle, Mrs. Jack Middleton and Janet, Mrs. Hobart McManigal and Anne, Mrs. Nathan Harvey, Mrs. Cecil Wesley and Billie, Mrs. W. H. Selvidge, Mrs. Velma Lancaster, Mrs. B. A. Starker and Bernice, Mrs. Robert Francy and Mary and Nancy Cobb.

The hostesses feted the honoree with a Coke party on the morning of the 24th to allow her to open the gifts to be displayed.

H's Drive-In Theatre Time! Canyon Drive-In Opens Friday with "THE PEYTON PLACE"

Former WT Student Gets Assistantship

Bill Holmes, formerly of Amarillo, has been awarded an assistantship in the geography department at the University of Tennessee for study toward his doctorate.

The West Texas State College graduate, in a letter to Dr. Murry B. Measamer, head of the WT geography department, said that he had completed course work toward his masters degree in the field at Tennessee. He received an assistantship there while working on his M.A. degree.

Holmes, son of Mr. and Mrs. Paul Holmes, 1233 Milam in Amarillo, earned his B.S. degree in geography at WT last summer. He has ranked in the upper five per cent of the student body at Tennessee during the past year. He was president of Gamma Theta Upsilon, national honorary geography fraternity, while at WT.

Fairview HD Club Sets Special Rally

The Fairview Home Demonstration Club is sponsoring a candidate rally at the old Fairview school at 8 p. m. Saturday night.

All interested candidates are invited to attend. The club women will sell homemade ice cream and cake.

Wayside News

Rev. D. L. Hunt filled his regular appointments Sunday and was a dinner guest in the Henry Hamblen home.

Mr. and Mrs. M. L. Gillham have gone to Lincoln, Neb., to attend the wedding of their daughter, Laura. Another daughter, Edith, who has been a missionary nurse in Africa, will meet them in Lincoln and come home with them for a visit. She is bringing a friend from England with her to attend school in the states. The girls were co-workers in Africa.

Mrs. Bessie Lane visited in Pampa with her daughter and her family, the George Hancocks. Mrs. Lane attended the high school graduation of her granddaughter, Judy Hancock, Friday night in Pampa.

Mr. and Mrs. William Payne of Clarendon visited in the W. R. Franklin home Thursday afternoon before going to Happy to spend the night in the M. E. Counterman home.

The Northwest Texas Methodist Conference has just closed its year's work. Rev. Joe Leatherwood has been sent from the Vigo Park circuit to Lamesa's Second Methodist Church, and Rev. Richard Brewster has been sent to Vigo Park and Wayside circuit.

Wayside is proud of the part it had in putting the new road connecting Silverton and Claude across Palo Duro Canyon. Wiatt Heisler of Wayside was a commissioner of Armstrong County for the past four years and deserves mention in this project.

Spending this weekend in the E. J. Mahler home were Mr. and Mrs. Glenn Mahler, Randy and Eddie of Buena Vista. Mr. and Mrs. Tom Payne, Shelia, Tim and John of Amarillo, and Bryce Jr. and Don Payne of Wichita Falls.

Mr. and Mrs. Willie Modisette, Royce, Marian and Fay were Canyon callers Saturday. Fay was seeing the dentist.

Memorial Day services were well attended. A lunch was served in the church basement at the noon hour. The program began at 2 p. m. Judge James Hale of Tulia introduced the speaker, the Rev. Tom Parrish of Wayland College, who gave an excellent talk. Miss Joan Hill of Borger sang a solo, "Give Me Jesus." People were there from Brownwood, Amarillo, Brady, Hereford, Plainview, Tulia, Happy, Canyon, Borger, Wichita Falls, Pampa, Clarendon, Denver, Colo., Garden City, Kan., and Arkansas.

Mr. and Mrs. Charles Kennedy, Robert and Richard, are spending the weekend near Goldthwaite with her mother, Mrs. R. C. Petty, who expects to return home with them for a visit.

All of the M. L. McGehee children and their families came back to attend the Memorial Day services. They are Mr. and Mrs. R. H. Abbott of Denver, Colo.; Mr. and Mrs. G. R. McNeill of Wichita Falls; Mr. and Mrs. Myles McGehee and Saundra Lee of Garden City, Kan.; Mr. and Mrs. Kotton McGehee, M. L. and Dixie, and Mr. and Mrs. Jack Loudder, George and Sally, all of Happy.

Visiting in the Guy Watson home Friday were Mr. and Mrs. Bill Williams and Opal of Brownwood, Mr. and Mrs. Gene Williams of Brady and Mrs. Alice Watson of Hereford. They attended the memorial services at the church. The Williams are former residents of the Wayside community.

There's a standstill happiness about this time of year, especially for arm-chair vcaationers. Summer, so coy about coming, has finally built a fire under the thermometer. The birds, the buzzing insects, the flowers and weeds, having now got the go-ahead signal, are stretching throats, buzzers and talks to meet the sun.

Just ordinary people, habitually busy with jobs and organizations, have rounded out the year and so have time to look at themselves.

"What's my hurry?" they seem to say, as they cruise lazily back to the office at 1:15, or browse around the weed-grown yard in the heat of mid-day. Working folks' faces at 5 o'clock wear the look of kids let out of school. It's fun to be out of doors, to sniff the air, to feel the still-gentle heat of summer sun!

Magazines and newspapers are filled with travel stories, and the fewer real plans we have, the more exciting they are to read. Knowing it's only make-believe, we can savor the flavor of all — a theater tour westward; an art workshop in Santa Fe; Paris, Madrid, New York, Canada, Maine. Tomorrow is another day, and next week's periodicals will bring new places to explore. No clothes to get shaped up; no trains, planes or boats to catch; no money to pay back next fall. What's to lose? Around the world in 80 minutes and still back home in time to make ham sandwiches and iced tea for supper on the back porch.

Shirley Downing Is in Exercise

Sgt. Shirley M. Downing, son of Mr. and Mrs. M. S. Downing, 2507 Ninth Avenue, returns to Fort Lewis, Wash., this week after participating in Exercise Indian River, a giant maneuver testing the Army's new pentomic concept of battle.

The exercise pitted Downing and other 4th Infantry Division troops against "aggressor" forces in an 18,000-man battle fought the past two weeks at the Yakima Firing Center. The Firing Center spreads across 267,000 acres of central Washington north of Yakima.

Downing is assigned to the division's 1st Battle Group, 22nd Infantry as a squad leader.

Troops in "Indian River" were involved in every phase of modern warfare—atomic, electronic, chemical - biological - radiological - psychological and even guerilla fighting.

Fairview Breezes

Darla Ann Whitson visited with Charlene Sutton Monday afternoon.

Visiting Monday evening in the J. W. Wesley home were Mr. and Mrs. Pete Garcia, Mrs. Ora Evans and her mother, Mrs. Asby Wheatly. Mrs. Wheatly and Ora Evans visited in the afternoon with Mrs. Serena Bryan.

Richard Evans went to Adrian Monday to do some farming.

Mr. and Mrs. J. W. Wesley were in Canyon Wednesday on business.

Mr. and Mrs. G. E. Wesley went to Romero to visit with Mr. and Mrs. Jim Williams Saturday night and Sunday.

Mr. and Mrs. Frank Rogers went to Plainview Sunday afternoon to visit with Mr. and Mrs. Jess Miller. Mr. Miller is seriously ill.

Angela Airheart visited in the J. W. Wesley home from Tuesday to Thursday of last week, and Darla Ann Whitson visited Thursday and Thursday night with Angela and Alicia Airheart. Angela took measles Thursday night.

Mr. and Mrs. D. L. Whitson and Don brought Audice Wesley home Friday and had lunch with Mr. and Mrs. J. W. Wesley. The Whitsons took their daughter, Darla Ann, home with them. Mrs. Whitson, who recently suffered a severe hip injury, is able to be up part of the time, but is still in pain.

Ervin Wilson and children, Glenda and Eddie, have been visiting Ervin's parents several days the past week.

Visiting in Lockney Sunday with Mr. and Mrs. Waine Bramlett were Mr .and Mrs. E. W. Schaeffer and Mrs. Rayford Shipman and children.

Ervin Wilson and Eddie visited Friday evening with the J. W. Wesleys.

Fairview Baptist Church is without a pastor as Brother Lloyd Mann has resigned to take a job in Abilene where he will enter college this fall. We regret to lose this young preacher, but we wish him well in his new venture.

The Fairview Home Demonstration Club is sponsoring a candidate rally this Saturday night. Cake and home-made ice cream will be sold and all candidates will be given a chance to speak.

Mr. and Mrs. Shaw and Wayne of Groom visited Sunday with their daughter and son-in-law, Mr. and Mrs. John Patterson.

Glenda Wilson visited Friday night with her cousin, Vicki Wilson.

Mr. and Mrs. G. E. Wesley were in Amarillo Tuesday and stopped by to visit Mrs. Wesley's mother, Mrs. M. F. Evans, in Canyon.

Mrs. R. T. Furlow returned home Sunday after spending two weeks with relatives in Odessa, Mr. and Mrs. Terry Petty and sons. R. T. Furlow and Mrs. B. C. Taylor Sr. spent the weekend in Odessa with Mr. and Mrs. Petty.

Tennis was purely an amateur sport until 1926.

Recent Art Donations On Display In Hudspeth Room, Fine Arts Hall

Several pieces of art work, recently donated to the Panhandle-Plains Historical Museum by Mrs. H. S. Griffin of Wichita Falls, are on display in the museum's Mary E. Hudspeth room and Hall of Fine Art.

Mrs. Griffin, a member of the Panhandle-Plains Historical Society's board of directors and art committee, has donated two paintings by two of the Southwest's most noted artists. Earlier she had given two huge wall tile murals painted by Jose Laffitte in the 1890's in Seville, Spain.

The two murals, along with others by Laffitte and two by Ramos Rejaina, also of Seville, are displayed on the floor of the Mary E. Hudspeth room. Those given to the museum, each about 6 by 12 feet, will be reset on the museum's walls, when space is found, according to C. Boone McClure, executive secretary.

Paintings given this week by Mrs. Griffin are a water color, "Polo at Fort Bliss," by Peter Hurd of Roswell, N. M., and an oil painting by Reveau Bassett of Dallas. The Hurd painting is described by the artist and by Southwest critics as "one of Hurd's best paintings." Bassett, one of the state's most famous contemporary artists, in later years dwelt primarily on wildlife, particularly on water fowl, for themes of his work. Two of his best known works are titled "Duck Time" and "Marsh Twilight," ant both deal with tucks in flight, as does the painting acquired by the museum.

Most of Bassett's paintings are of West Texas, New Mexico, and the country near Dallas. He has also done a number of paintings of city sienes, including the "Med ical Arts Building" of Dallas, and the Dallas skyline.

A member of the Southern States Art League, the Dallas Art Association, and the Reaugh Art Society, Bassett for many years taught etching classes for the Dallas Art Institute.

The tiles, made up of 5½ inch square blocks laid together to make up the total picture, were designed primarily to use on ornate buildings, such as hotels, churches, etc., in Spain, McClure said.

Blue is the predominate color within the framed murals, with dark blue to outline pictures of ox carts of traveling gypsies, scenes of horsemen, and church scenes. Borders around the main pictures are of lighter blues, yellows, and greens.

Some of the smaller murals by Laffitte and Rejainos are of more varied colors, presenting more destinct designs and scenes of Christendom of the middle ages.

Mrs. Griffin previously presented to the museum here a large number of paintings by some of the nation's top fiight artists, many of which are valued at several thousand dollars each. They include six oils by W. Herbert Dunton, and oils by J. H. Sharp, Gerald Cassidy, W. R. Leigh, M. Lorano, Burt Harwood, and prints by Catlin.

McManigal Home Site of Shower

The home of Mrs. Hobart McManigal and Anne, both of Happy, was the scene of a tea and shower honoring Nan Earyle Shipman of Happy, the bride-elect of Robert Gauthreaox of Vera, from 3-5 p. m. Thursday

The guests were received by Miss McManigal and were presented to the honoree; Mrs. Hollis Shipman, the honoree's mother; and Mrs. Jesse Moore. Bernice Starker registered the guests.

The serving table was laid with a lace cloth and appointments were in aqua, pink and white, chosen colors of Miss Shipman. Serving the punch and cakes were Mary Francy, Nancy Cobb, Janet Middleton and Pat Patterson.

The gifts were displayed through the home, where garden flowers of peonies, roses and snapdragons were used to complement the room.

Hostesses were Mrs. George Edmonds, Mrs. Robert Francy and Mary, Mrs. Richard Evans, Mrs. Annie Read, Mrs. Frank Rogers, Mrs. E. M. Wilson, Mrs. Nathan Harvey, Mrs. Jack Middleton and Janet, Mrs. Rayford Shipman, Mrs. Emil Schaeffer, Mrs. John Patterson and Pat, Mrs. B. A. Starker and Bernice, Nancy Cobb, Elouise Vaughn, Mrs. W. A. Penn and Charlotte, Mrs. Cecil Wesley and Billie and Mrs. E. A. Womack.

Counties; Ochiltree, Hemphill, Potter, Sherman, Randall, Oldham, Hartley, Hansford, Moore, Gray, Dallam,

Will be received at the Highway Department, Austin, Until 9:00 A. M., June 10, 1958 and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft of type of laborer, workman, or mechanic employed on this project.

Legal Holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of William V. York, Resident Engineer, Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved. 7t2

In Tenth Year in Canyon

Chandler's Jewelry

1605 4th Ave.

Mr. and Mrs. Burney Slack went to Waco last week to see their daughter-in-law, Mrs. Harrell Slack, receive her degree from Baylor University. They then went to Austin to visit their son, Bryce Slack, and his family. The Canyon couple's granddaughter, Lynette, returned with them for a week's visit.

H's Drive-In Theatre Time! Canyon Drive-In Opens Friday with "THE PEYTON PLACE"

DON'T WORRY

Gob — After all, fools are the people that really make life interesting. When all the fools are gone, I wouldn't care to be here.

Marine — Don't worry; you won't.

"With the automatic timer and perfect heat control, I can always count on taking eighteen perfect cakes from my double ovens every time."
"I have baked over 4,000 pounds of cake in my electric range and not a single failure."

"Even after baking over 4000 pounds of cake, I still get a thrill when I take eighteen "just right" cakes from my ELECTRIC double oven!"

says Mrs. John Ward. 1907 W. 6th St., Plainview, Texas

"My double oven electric range turned my hobby into a business — thanks to the controlled heat in the ovens. The ovens are a big help in my baking business, but I use them for family meals, too. I can bake one dish at a low temperature while I'm baking bread at a higher temperature in the other oven. Incidentally, I used the first profits from my cakes to pay for my new electric range. Now they're put aside for a college educational fund for our children."

"For years I had the false impression that cooking electrically was a slower process, but my electric range proved to me just how wrong I was. One wonderful feature of cooking electrically is that it cooks clean. Pots and pans don't get that "burned-on" look and the range itself is so very easily cleaned. I like my electric range because it is fast, clean, thrifty and dependable. In fact, I like everything about it. The deep well has so many uses from baking potatoes to making pots of soup."

Have you had your free demonstration of the electric range of your choice? If not, see your Reddy Kilowatt dealer and get your certificate for two free bug lamps. Yellow bug lamps, which fit ordinary sockets, eliminate most of the light that insects see, yet provide a soft, comfortable light for outdoor living.
